

The above cut shows the new Odd Fellows Temple erected by us during the past season. All the interior finish and frames was all made in our own factory. In handling a building in this way we have a chance to push a job right along, as we know just when we can look for frames and finish and not depend on others.

We are in a position to figure any size job complete, anywhere in the state. If ever you have a job either by contract or day work, just let us know.

If you give us your contract, your trim and cases, etc., will be Cadillac goods from the City of Quality. Contractors let us figure with you on your frames and finish.

Some Forms of Rheumatism Curable

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sclerotic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." Get a 25c bottle now. Keep it handy in case of emergency.
